

PRODUKTINFORMATION

RS2

PROLINE

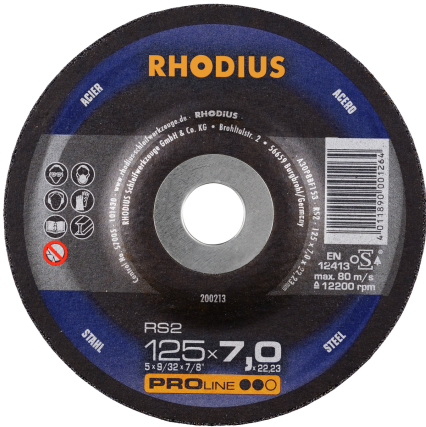

- Lifetime
- Stock removal
- Hardness

Shape 27 

- Especially good for working on hard materials
- High stock removal performance
- Long lifetime

Versatile rough grinding disc. Thanks to the high stock removal performance the RS2 grinds efficiently and with good service life.

 RS2 Pipelines discs are manufactured in 4 mm thickness without a top layer in order to enable optimum grinding performance even on circumferential root seams.
